

2022-2023 EMPLOYEE GIVING CAMPAIGN

It starts with us!

It takes fundraising and other sources of income in addition to fees for service to provide the critical care that the young people we serve at VHBG require. Staff are wonderful in their generosity to help with fundraising by volunteering at fundraising events, by welcoming donors into their programs for conversations, and by making their own donations. We invite you to consider making a gift to the 2022-2023 Employee Giving Campaign today. Last year employees contributed \$13,300! Let's do that again. You can contribute through an easy payroll deduction (*using the form on the back*), giving on-line, or by making a direct gift.

Thank You!
