

High-Impact Ways to Support VHBG Youth

Help Young People Thrive at Home, in School, and in Community

When you support Virginia Home for Boys and Girls (VHBG) with wish list donations, you are doing more than filling a need—you are helping young people feel at home, show up for school ready to learn, and build the skills they need for adulthood.

Supply collection drives are a fun, hands-on way to engage your school, neighborhood, business, or civic group in our mission. Many of these items can be purchased online (including on Amazon) and shipped directly to our campus.

Below are high-impact items organized by the programs.

Independent Living Program (IL)

Helping young adults set up their first homes and practice life skills.
