

EXTENDED SCHOOL YEAR 2021

BOUNCING BACK FROM THE PANDEMIC
At John G. Wood, we believe remediation is key.

JUNE 28- JULY 29, 2021 MONDAY - THURSDAY 8:30 a.m. - 2:00 p.m.

The care students receive at VHBG's John G. Wood School isn't going to stop because of the unprecedented situation we're facing with COVID-19. Students with emotional and behavioral health concerns need continuity of care and we're prepared to provide a continuation of their education through an Extended School Year program that will adhere to CDC and health department guidelines.

This year our mantra is "**Remediation leads to Resilience which leads to Independence**". Because of the restrictions related to the COVID-19 pandemic, we know that students are falling behind socially and academically. The youth we serve need extra supports and remediation to bounce back.

Our courses enhance and improve skills like **reading and comprehension, mathematics, writing, behavioral, social, and life skills**. We're adding a **cooking class and will continue to provide our students the chance to swim in our pool ...** which are still important skills to develop but also really fun. While we won't be able to take field trips, our 30+ acre park-like campus offers outdoor learning space that is safe and refreshing. We'll also continue case management and help students with their emotional regulating.

Together we can make sure students needing specialized education this summer will still get the education they need.

Sign Up Today

Extended School Year (ESY) is for students in K-12TH GRADE
The cost of ESY is \$161/DAY FOR JUNE and \$165/DAY FOR JULY 2021
To register, email Dianne Glenn at DGlenn@vhbg.org or call 804-270-6566, ext. 1680
JGW is located at 8716 WEST BROAD STREET, HENRICO, VA 23294
